

How many mega-scale solar farms are there in Guyana?

Government of Guyana commissioned its second mega-scale solar farm, the 1.5 MW utility-scale solar PV plant at Bartica, Region Seven (Cuyuni-Mazaruni) in March 2023. At twenty-two (22) off-grid locations, GEA installed over 163 kWp of solar PV capacity and 800 kWh of battery energy storage.

How much solar energy is available in Guyana?

As of 2018, the total installed capacity for Solar PV in Guyana is 4.63 MW, with an estimated annual generation of 7.16 GWh. Solar energy is used for several purposes in Guyana, including drying agricultural produce, irrigation, ICT, and to improve electricity access in rural areas.

How many solar PV farms will Guyana have?

Guyana Power and Light Inc. (GPL) is preparing plans for three utility-scale solar PV farms totaling 30 MW for the national grid in the long term, as well as a 0.75 MW Solar PV Farm at Wakenaam and a 4 MW Solar PV Farm at Onverwagt in the near future.

How many solar homes are distributed in Guyana?

The GEA supported the implementation of a massive electrification project to supply, deliver, and distribute 30,000 solar home energy systems to hinterland and riverine communities in Guyana. A total of 26,398 units were distributed as of December 2023.

Is Guyana a good place to install solar PV?

Most locations across Guyana have excellent solar insolation levels and are ideal for solar PV generation. As of 2018, the total installed capacity for Solar PV in Guyana is 4.63 MW, with an estimated annual generation of 7.16 GWh.

What does the Guyana Energy Agency do?

The Guyana Energy Agency continues to support national efforts in transforming the country's sustainable low-carbon pathway and the energy sector, as it contributes to providing cleaner, affordable energy access for all, as well as promoting energy efficiency and conservation practices.

100KW SOLAR BATTERY GUYANA

The Government of Guyana commissioned its second mega-scale solar farm, the 1.5 MW utility-scale solar PV plant at Bartica, Region Seven (Cuyuni-Mazaruni) in March 2023. At 22 off-grid locations, GEA installed over 163 kWp of solar PV capacity and 800 kWh of battery energy storage.

The Government of Guyana, in partnership with the Inter-American Development Bank (IDB), has announced the launch of a competitive bidding process for the Engineering, Procurement, and Construction (EPC) of three utility-scale ground-mounted solar photovoltaic (PV) plants with battery energy storage systems.

GEA supported the implementation of a massive electrification project to supply, deliver and distribute 30,000 Solar Home Energy Systems to Hinterland and riverine communities in Guyana. A total of 26,398 units were ???

Solar Direct offers the most flexible off-grid and hybrid Solar PV systems on the Guyana market to meet the budget and needs of our clients. No job is too small or too big for us as we cater for both residential and commercial applications. We currently offer three solar power packages and can also customise systems specifically for you!

The GUYSQL programme, a collaboration between GPL and SUMEC Group, aims to implement utility-scale photovoltaic projects to enhance Guyana's energy sustainability. Under this initiative, 80-megawatt solar PV ???

The GUYSOL programme, a collaboration between GPL and SUMEC Group, aims to implement utility-scale photovoltaic projects to enhance Guyana's energy sustainability. Under this initiative, 80-megawatt solar PV farms and battery storage systems will be installed in Regions 2, 5, and 6.
