The Surefire 123A Lithium Battery ??? Individual is an individual lithium battery designed for use with all high-performance Surefire flashlights. These flashlights are among the best in the world and can be used to find your way in darkened areas such as campsites, dimly lit urban areas or other circumstances where light is at a premium.

123A LITHIUM BATTERIES SUREFIRE

SureFire pioneered the use of compact, energy-dense 123A lithium batteries because of their many advantages over alkalines, such as higher power density, superior voltage maintenance, lower weight, wider temperature tolerance, 10-year shelf-life, and built-in heat/fault protection.

Arms Unlimited had a special on 400 SF 123A's for
roughly the same shipped price per battery that I
bought my 2,000 brand new Energizer 123A's for.
Kestrels issue was using NON Lithium batteries in a
non sealed batterybox on a electronic device that
continually draws current, resulting in corrosion and
leakage if they aren't pulled
