12V POWER SUPPLY WITH BATTERY BACKUP 1 AMP

The APC BR1500G Backup Battery is pretty large in terms of size. It has five battery backup and surge-protected outlets and another set of five outlets with only surge protection, for a total of ten. However, there are no USB ports to plug in your phone directly. There's also a small backlit LCD that shows plenty of information at a glance.

The ELK-P412 is a general purpose high current power supply and battery charger. It is ideal for alarm, access control, and CCTV applications requiring up to 4 Amps. The ELK-P412 distributes 12VDC power to three (3) sets of DC power terminals, each having a voltage present indicator LED and automatic resetting overload protection.

This combined unit automatically provides uninterrupted DC power from an external backup battery (not included) to your critical load in the event of an AC power outage. Once AC power is restored, the SEC-1223BBM will continue to seamlessly supply DC power to the load while providing a current limited charge to the backup battery (not included).
