

-ram-2500-exhaust-systems is proud to offer performance exhaust systems for the 2020 RAM 2500 for more HP, aggressive sound, as well as a million-mile warranty on all RAM 2500 exhausts. customers can pick the sound level desired with the confidence that their aftermarket exhaust system will increase power to the greatest degree.

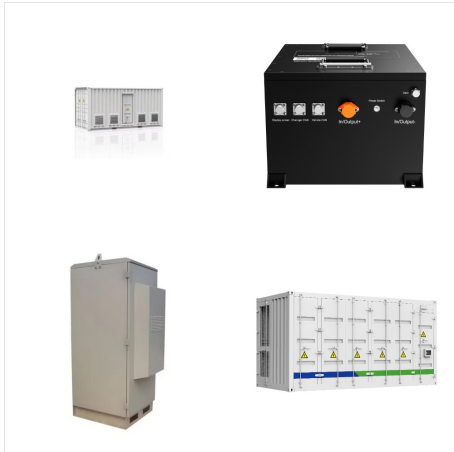

Bought a new 2020 Power Wagon a few months ago. I put an AFE cold air kit and MBRP cat back exhaust on it. Want to pull more horsepower out of it. Wish Ram/Dodge would make it 485 horsepower like the Challenger/Charger.

The BORLA(R) R& D Team has been hard at work on an exhaust system for the RAM 2500. We deliver the best in performance, sound, and quality to match your RAM's durability. Our S-Type Cat-Back system is specifically tuned for your truck's 6.4L HEMI engine and is the perfect balance of aggressive without being overbearing.

Thanks. I noticed on the 2019 sand-colored Power Wagon it comes with a black exhaust pipe/tip. Even the axle muffler's painted. Wish they'd offered that with the appearance package before, at least would've looked better. For an off the shelf I'm looking at that Magnaflow 19200 theviking mentioned, probably with a black tip at least.
