This Greenworks(R) G-Max 40 Volt, 4Ah Lithium-Ion Battery offers up to 2,000 charge cycles in addition to extended storage times. Rechargeable at any time with no negative memory effect, this multi-purpose battery provides fade-free power from start to finish.

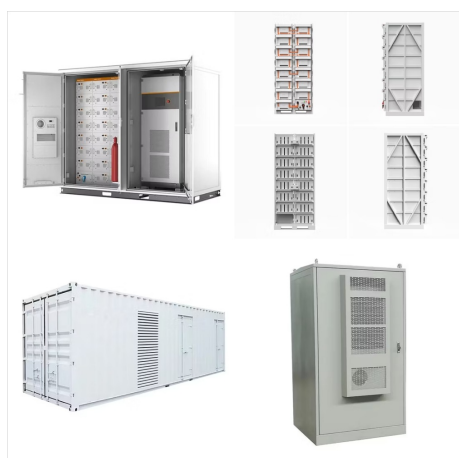

40 VOLT LITHIUM BATTERY GREENWORKS

The 4ah battery provides longer runtime, making it ideal for larger tasks or tasks that require a longer use time. In conclusion, by using the Greenworks battery compatibility chart, you can easily determine which battery works with which tool, and ensure that you have the right battery for the job at hand. Remember to always confirm

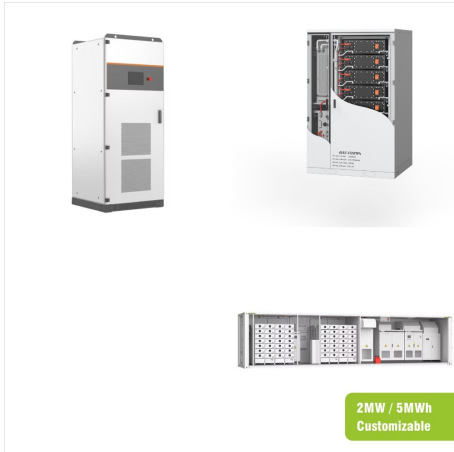

It's also worth noting that lithium-ion batteries, such as those used in Greenworks tools, tend to have shorter run times in colder temperatures. If you're using your tools in cold weather, consider keeping a spare battery handy. If your Greenworks battery is not being recognized by your tool or charger, there may be a few potential
