The 4Patriots Solar Charger works by using a combination of solar and USB charging to store energy in its 8,000 mAh lithium-ion battery. You can charge it via sunlight using the built-in solar panel or more quickly through the included micro-USB cable. Once charged, it can power up your devices through its three USB ports, allowing you to

It's the newest and most powerful model from 4Patriots, released to celebrate 10 years of best selling solar generators that American families say are "worth their weight in gold." In a blackout, the NEW Patriot Power Generator 2500X runs critical appliances ??? even your fridge.

A solar-powered generator has no moving parts and therefore requires very little if any maintenance. From panel to battery to AC power. How do solar-powered generators work? They have batteries that receive power from solar panels. After sunlight hits the panel, it creates a collision of photons and electrons inside the solar cell.
