(Discontinued) Item. WA3859 . \$99.99. Temporarily Out of Stock . Be notified when item is available . Enter email address. Notify. Out of stock. Add to Wishlist. Charger is compatible with all 56V Tools, corresponding models: WG191, WG291, WG391, WG591, WG771, WG772, WG774, and WG926.

Lithium-ion batteries gradually lose their ability to hold a charge, after which they have to be replaced with a new one. Keep in mind that this is completely normal, and you will have to get the battery replaced after several years. On the other hand, if the battery stops working after a short period of using it, then something might be wrong.

The EGO 56V 5.0Ah ARC Lithium??? Battery uses industry-leading technology to deliver Power Beyond Belief???. Its patented ARC Lithium??? design keeps the battery from overheating by pushing heat away so your equipment runs longer at full power. Its durable, shock-resistant design protects batteries from drops and the elements.

56V MAX LITHIUM BATTERY
