What is the best portable solar generator?

Jackery SolarSaga 200 (the largest of their SolarSaga series) is my top choice for portable solar panels because it's highly efficient and large enough for plenty of uses. It's also one of the lightest and least expensive for its size. Pair it with the Jackery Explorer 2000 power station, and you get CNET's favorite solar generator.

What is a portable solar power station?

Portable power stations let you take power wherever you go. A portable solar panel will let you keep it charged up wherever the sun shines. CNET's current favorite is the Jackery SolarSaga 200, thanks to its light weight and sizable solar-charging capacity. If this one doesn't fit your needs or budget, there are plenty of other options.
