

Does Sunrun sell solar energy?

Sunrun sells and leases customized residential solar energy systems and its battery storage service in 19 states and two U.S. territories. Customers can own or lease a system with \$0 down. Sunrun offers free energy consultations and quotes. Over 900,000 homes across the U.S. have gone solar with Sunrun.

Is Sunrun a good company?

Overall, I find Sunrun to be a good company. We're thrilled you had a good experience, Carolyn! We really appreciate you taking the time to share your feedback. Thank you for playing such an important role in our solar community and for helping us create a planet run by the sun!

Does Sunrun offer a solar lease?

Sunrun offers monthly solar leases, full leases (a power purchase agreement), purchases with financing and full purchases. There are multiple ways to pay for a Sunrun system, with eligible customers able to go solar for \$0 down. The monthly solar lease option is the customer favorite, according to Sunrun.

How long did it take SunRun to certify a utility?

Sunrun has been responsible. To some extent, you gotta deal with Sunrun and you gotta also deal with your utility, which is LADWP. So at one point, Sunrun would be done, but LADWP wasn't ready. Then it took them about a month to certify it. I understand everybody has those issues. I haven't talked to anybody that didn't have those issues.

Sunrun???, Sunrun???, ???

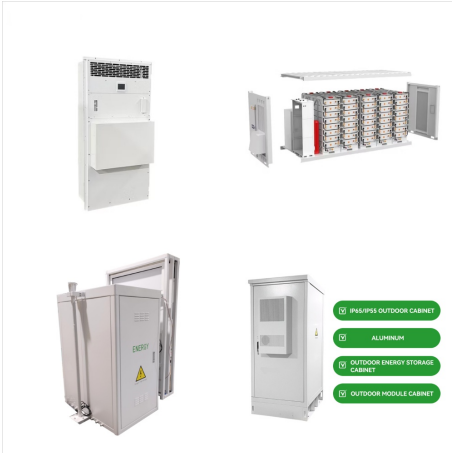

The addition of top talent underscores Sunrun's focus on partnering with home builders to offer solar-plus-storage systems to new home buyers. The strategy is part of Sunrun's broader momentum of strong market leadership across multiple segments, including its dealer business.
