Cut the Cord, Go Mobile The ACOPOWER R40A solar freezer provides you with cooling and freezing on the go. With its portable and trolley design, it is easy for it to come with you wherever you end up.

Portable Solar Fridge Freezer uses advanced battery technology which means, barbecues, fishing and boat trips, backyard

Flexible And Portable : the thin solar film can be gently flexed to follow a smooth curve of 27 degrees max on a coach roof, RV, boat, caravan, cabin, tent, golf cart etc. Light weight of 4.85 lbs. Designed for off-grid solar panel system, caravan, RV, boat, Green house solar panel system Powerful And Durable : made fr

Wh rechargeable battery for the LionCooler X30A/X40A/X50A Fridge Freezer Cooler. Three ways to charge: AC, DC (car), and portable solar power panels. Two batteries will provide continuous power to your LiONCooler and keep food and drinks cold for 24 hours with no ice. Ideal for off-grid living and camping.

Solar panels can be connected in series or in parallel to meet your electrical circuit size and power demand. Connecting solar panels in series will have the effect of adding up their operating voltage output, while system current output will be the same as that for one panel. While, connecting solar panels in parallel will have a different effect; individual panels operating current output will add up.
