Testimonial "With all the scams doing the rounds I was very skeptical regarding this until I took that leap of faith and met Alfred, with his cool and calm demeanor he took me through the whole process, no pressure or anything from him. Finally, I decided to proceed with him and that was a decision I'm not regretting. He was with me from start to finish and still checks in with me till ???

Solar radiation, or energy produced by the Sun, is the primary energy source for most processes in the Earth system and drives Earth's energy budget.. The Sun is the primary energy source for our planet's energy budget and contributes to ???

The autocorrelation function (ACF) and its finite Fourier transform, referred to as signal energy, have been investigated using the ECMWF daily surface temperature data. ACF itself provides a measure of the influence of leading fluctuation between two different time points. Considering the decay of ACF, it is found that the scaling power-rule of ACF is only valid in a ???
