An acrostic poem is one in which a certain feature -- for example, the first letter -- from every line combines to spell out a message -- usually the name of the subject, for instance the person to whom the acrostic poem is dedicated. Example: An acrostic poem for Tom

Acrostic poetry is a form of short verse constructed so that the initial letters of each line taken consecutively form words. The term is derived from the Greek words *akros*, "at the end," and *stichos*, "line." The word acrostic was first applied to the prophecies of the Erythraean Sibyl, which were written on leaves and arranged so that the
