ACURA SPA SYSTEM HORIZON SERIES POWER STATION

"I am a 32 year field service engineer for the world's leading supplier of power generation equipment. I work on components ranging from a small industrial drives to the largest nuclear units in the US. Now since I added Acura Spa Systems control into my Hot Springs Spa I look forward to clear clean water, "I just had the spa people

How To Replace Your Digital Spa Side Control Panel; Turn the power OFF. Remove the spa access panels of your spa cabinet. Locate the digital spa controller. Acura Spa Systems, Inc. 2954 Rubidoux Blvd. | Riverside, CA 92509 Email: sales@acuraspa Monday-Friday: 9:00a.m. - 5:30p.m. PST Saturday-Sunday: Closed

The Universal Spa Control (USC) is a reliable spa control that fits all hot tubs and is a direct replacement for all spa brands. The USC control board can operate up to 4 water pumps. The Universal Spa Control can power spas and hot tubs all over the world with 120V, 60Hz and 240V, 50Hz single or three phase power.

ACURA SPA SYSTEM HORIZON SERIES POWER STATION

Specialties: Acura Spa Systems specializes in manufacturing pumps, heaters, controls and blowers for hot tubs and spas. Since 1987, Acura Spa Systems has provided excellent customer support and has over 1.3 million support systems in the industry worldwide. Established in 1987. Manufacture of spa controls, spa heaters, spa pumps, and hot tub support systems.

In 1987 I established Acura Spa Systems, Inc. Twenty-one years later and with sales of more than 1,000,000 innovative spa products operating in the field, the company produces a full line of pumps, spa controls, equipment packs, heaters, blowers and a wide range of unique spa massagers. Four specialized massagers and four series of water

The Magnaflow series has powered hundreds of thousands of spas of different brands throughout the world since its introduction in 1994. All pumps are not provided with unions, unions sold separately. Unions are identified by plumbing dimensions (like 1.5??? or 2.0???), but these numbers ARE NOT the physical outer pipe dimensions.
