

The Adidas Solar Boostis a move in the right direction for the high end Boost line, and one that may find serious runners caught by surprise. The Ultra Boost is a lifestyle shoe at best, and I know runners that scrounge for the now out of stock Energy Boosts.

Is the Adidas energy boost a good shoe?

The Adidas Energy Boost is a bouncy neutral shoe that feels fast and keeps legs fresh. I loved the snug fit of the upper, though it may be an issue for runners with wider feet. It's also a versatile shoe that performs well on both roads and dirt, and is well-suited to different types of runs. Sorry - Product not found.
