

Who is Aggreko energy transition solutions?

Aggreko Energy Transition Solutions (ETS), a division of Aggreko Ltd., develops, owns, and operates utility scale and distributed solar and battery storage projects across the United States. ETS generates value by providing turnkey energy transition solutions to its customers that deliver affordable, reliable, and clean power.

What does Aggreko ETS do?

The combined teams, operating within Aggreko ETS, will leverage their collective strengths to deliver reliable EPC services and innovative, sustainable energy solutions through long-term PPAs to a broader market. CRC-IB advised Upper Bay Infrastructure Partners on the transaction.

Who is Aggreko?

Aggreko is a global leader in providing energy solutions that help businesses grow and communities thrive. Operating in a rapidly changing energy market where reliable supplies of energy have never been more critical, we provide customers with power and temperature control solutions when, where and for however long they need it.

What makes Aggreko ETS different from Infiniti?

Jerry Polacek, President of Aggreko ETS, commented, "Combining the global scale, financial strength, and industry expertise of Aggreko with Infiniti's distributed solar development and engineering, procurement and construction ("EPC") capabilities uniquely positions us to deliver turnkey decarbonization solutions to our customers."

Who is Aggreko KeyBanc Capital Markets?

For more information, please visit our website at [Home](#) | Aggreko KeyBanc Capital Markets is a leading corporate and investment bank providing capital markets and advisory solutions to dynamic companies capitalizing on opportunities in changing industries.

Why did Infiniti acquire Aggreko?

This strategic acquisition significantly expands Aggreko's distributed solar capabilities and asset base, by integrating Infiniti's expertise in solar design, engineering, procurement and construction (EPC), together with its pipeline of onsite decarbonization projects.

At Aggreko Energy Transition Solutions (AETS), our mission is clear: to advance the energy transition through the development, ownership, and operation of clean energy infrastructure across the U.S. We are dedicated to developing solar and storage assets that are not just clean, but also reliable and economically sound.

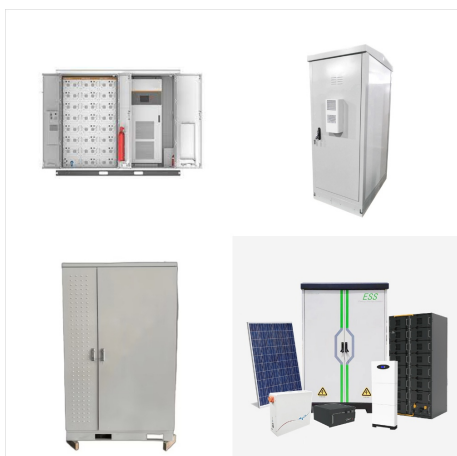

HOUSTON, May 19, 2023 - Aggreko, the world's leading provider of mobile modular power, temperature control and energy services, today announced that the company's Energy Transition Solutions ("Aggreko ETS") division will become the strategic capital partner for the Farmers Powering Communities community solar initiative. Aggreko ETS

Aggreko Energy Transition Solutions (ETS), the division of Aggreko which builds and operates large scale solar and battery storage power facilities in the US, has acquired US solar power company Infiniti Energy from its private equity owner, Upper Bay Infrastructure Partners (Upper Bay).

The combined teams, operating within Aggreko ETS, will leverage their collective strengths to deliver reliable EPC services and innovative, sustainable energy solutions through long-term PPAs

Aggreko Energy Transition Solutions Join Us in Engineering a Resilient Energy Future AETS is not just innovating in renewable energy; we are pioneers at the forefront of Battery Energy Storage Systems (BESS), shaping the backbone of a more resilient power landscape.
