This chapter unpacks the ideological work performed by Al Gore's environmental activism by tracking and analyzing the development of his profoundly complex public persona with a focus on his award-winning film, *An Inconvenient Truth* (), a formative vehicle for what we call Gore's personafication. That is, a process that involves three dimensions: the "facticity" of ???

A net-zero future is possible, but first we need to flip a mental switch to truly understand that we can stop the climate crisis if we try, says Nobel laureate Al Gore. In this inspiring and essential talk, Gore shares examples of extreme climate events (think: fires, floods and atmospheric tsunamis), identifies the man-made systems holding us back from progress and invites us all ???

[UPDATE, 7/19 5:30 p.m.: Al Gore carried his campaign for an energy transformation in the United States to the blogosphere on Saturday with an appearance at the Netroots Nation conference of "progressive" bloggers in Austin, Tex.] Former Vice President Al Gore gave a speech in Washington laying out his new approach to the entwined challenges of ???

The Nobel Peace Prize 2007 was awarded jointly to Intergovernmental Panel on Climate Change (IPCC) and Albert Arnold (Al) Gore Jr. "for their efforts to build up and disseminate greater knowledge about man-made climate change, and to lay the foundations for the measures that are needed to counteract such change"

Al Gore's utility bills spark consternation Kreider said Gore purchases enough energy from renewable energy sources such as solar, wind and methane gas to balance 100 percent of his electricity use. Gore, who owns homes in Carthage, Tenn., and in the Washington area, has said he leads a "carbon-neutral lifestyle." To balance out

AL GORE RENEWABLE ENERGY HOME

Al Gore's Speech on On Renewable Energy at the DAR Constitution Hall in Washington, D.C., July 17, 2008. We need to put a price on carbon, and that's what cap-and-trade does and that's also what a CO2 tax does.

Al Gore's climate change film gives India a stellar role. A powerful new documentary film about former US vice president Al Gore's sustained campaign to encourage renewable energy use across the world, gives India's part in the climate change movement a ???

The investment vehicle founded by former US Vice President Al Gore has bought a 13% stake in UK based Octopus Energy. Generation Investment Management said it will inject 600 million dollars (?437 million) into Octopus to help accelerate its global green energy strategy. The deal will involve an immediate 300 million dollar (?218.8 million) investment, with another ???

Gore's team disputes NCPPR's claims???just as they did in 2007, when Johnson put out a similar report attacking Gore's personal energy use following the success of his first documentary, An
