

Who is Alexis solar?

Discover the energy-efficient future with Alexis Solar, your trusted Manufacturer & distributor for residential and commercial solar panels. We provide top-quality solar solutions to power your home or business. Go green with us today!

What is the largest solar PV project in West Africa?

With additional phases, 70MW Solar PV+4MWh BESS has been operational since June 2023. Furthermore, AMEA Power signed a power purchase agreement and concession agreement in May 2024 to expand the capacity to 100MW +14MWh BESS, making it the largest solar PV and battery storage project in West Africa.

How long has AMEA power been operating in Togo?

The initial 50MWp (Phase 1 and 2), was fully developed by AMEA Power from inception to operation in less than 24 months, even during Covid. This project is the first utility-scale renewable project in Togo. With additional phases, 70MW Solar PV+ 4MWh BESS has been operational since June 2023.

The ALEXIS instrument consisted of three pairs of EUV telescopes with overlapping 33° FOV, scanning the entire anti-solar hemisphere during each 45 second spin of the spacecraft. Each telescope contained a multi-coated spherical mirror, a curved profile microchannel plate detector at the prime focus, a background rejection filter, electron
