

3-in-One: Dual USB port(5V/2.4A per port) with iSolar Technology for charging your 5V powered gadgets, and 18V DC output(18V/5A) for charging your laptop, portable generator or 12V car battery; No additional battery needed for charging external devices, 100% green energy High Efficiency: 100W SunPower solar cell is made from US, up to 23.5% efficiency, providing ???

Installed two flexible solar panels AllPowers SF200 on a bay boat T-top, one after another with one month difference. It was a good choice. Use two chargers with them, one for a 12V circuit and another one for a 24V circuit, both with 2 batteries each of 100 Amps.

The SF100 flexible solar panel uses advanced monocrystalline solar cells with a conversion efficiency of up to 25%. Honeycomb ETFE is used on the surface to collect sunlight from different angles, while providing higher light transmittance and longer service life, you can get more and longer green electricity.
