Angola's off-grid solar market is still in its nascent stages, with only 3,000 Solar Home Systems (SHS) sold as of July 2022. However, the country presents vast potential for growth in the solar market, particularly in SHS and Pay-as-You-Go schemes.

The fall in the price of off-grid renewable systems, particularly solar home systems, can help the international community achieve universal electrification since they can provide electricity to isolated communities that otherwise would not ???
