

Anguilla has rolled out a mobile energy storage pilot with the commissioning of a containerized battery from Gridspan Energy. The 125kW mobile battery system can be quickly deployed to sites and is operational ???

The Caribbean is a hotspot for innovative energy storage, and the new project out of Anguilla is the latest to make a splash. The 125-kW mobile containerized battery system from Gridspan Energy was installed at the Government Headquarters, NBA Building, but can be quickly deployed across the island to make the grid resilient to disruptions.

The project features a 125-kW mobile containerized battery system that can be quickly deployed to numerous locations in order to best accommodate Anguilla's dynamic energy needs. The Gridspan Energy system is uniquely designed for plug-and-play use, with the ability to connect to a site in less than 15-minutes after transport.

ANGUILLA BATTERY ENERGY STORAGE SYSTEM

Anguilla has rolled out a mobile energy storage pilot with the commissioning of a containerized battery from Gridspan Energy. The 125kW mobile battery system can be quickly deployed to sites and is operational within 15 minutes. This pilot program, the first of its kind in the Caribbean, has emergency response and solar storage capabilities. Source
