

My wife wanted a standby generator. We went with a Generac 18kw with 200A automatic transfer switch. Now that some of the new hybrid inverters are out I'm really interested in swapping out my system for a grid-tie solar solution. My thought is to get rid of the 200A automatic transfer switch all together and replace it with the EG4 18KPV which

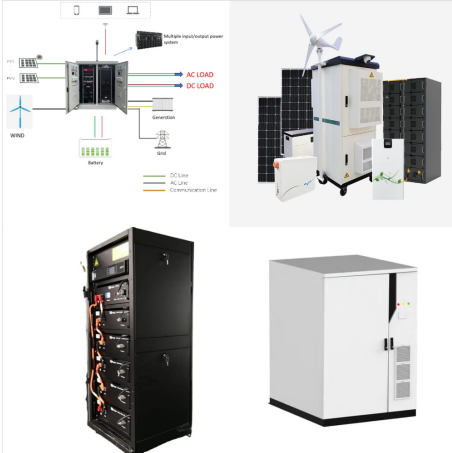

Fast solar charging with built-in MPPT controller - no controller accessory needed, solar panels sold separately; Available accessories - get even more out of your generac portable power station with the available 200-Watt and 450 ???

Why choose PWRcell (R) 2. The PWRcell 2 Solar Battery Storage System stores power from your solar panels to help you save money on your electric bill and provide backup power during utility outages. Take advantage of the full Generac ecosystem with an integrated ecobee smart thermostat, which not only provides a convenient in-home monitoring display, but can also ???
