

EGO Power+ LB6700 670 CFM 180 MPH 56V
Lithium-Ion Cordless Electric Variable-Speed
Blower, Battery and Charger not Included. The
EGO POWER+ 56-Volt 2.5Ah battery uses industry
ARC Lithium technology to deliver Power ???

EGO Power+ BA2800T-2 56-Volt 5.0Ah ARC
Lithium??? Batteries with Fuel Gauge - Two Pack.
Sunmokit Upgraded 7.5A Battery Replacement for
EGO 56V Battery Lithium ion Compatible with EGO
Battery 56V 7.5Ah BA2800 BA4200T BA4200 ???

Kit includes BA1400 2.5AH battery and CH2100
charger unit ; Arc-Lithium: Industry's most advanced
battery technology ; Keep-Cool Cell Technology;
Weather-resistant construction ; The patented
power management system protects the battery
pack from the most harmful elements a battery can
face from overheating to over-discharging

? One standout aspect of the EGO Power+ CS2005 is its ARC Lithium battery system. I found that the battery not only charges quickly (about 50 minutes for a full recharge) but also holds its charge consistently during use. ???

Whichever EGO Power+ 56V ARC Lithium??? battery you choose for the job; our forward-thinking design means it will fit any tool. And when it's time to charge up your power, your charger will fit any battery. How do we dispose of batteries? Call 1-800-822-8831 to recycle. This number is located on the warning label of each battery.

ARC Lithium??? design keeps battery from overheating so equipment runs longer at full power. Shock-resistant design protects batteries and electronics from drops and the elements. Intelligent power management optimizes individual battery cells for maximum power, performance, and runtime. Charges in 45 minutes with EGO Power+ Turbo Charger (CH7000)

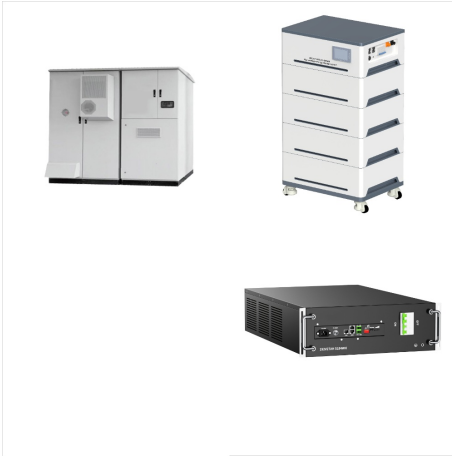

The EGO 56V 6.0Ah ARC Lithium??? battery uses industry-leading ARC Lithium??? technology to deliver Power Beyond Belief???. Its patented ARC Lithium??? design keeps the battery from overheating by pushing heat away so your equipment runs longer at full power. Its durable, shock-resistant design protects batteries from drops and the elements.

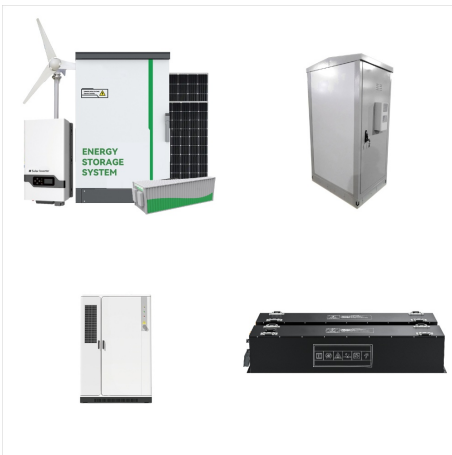

Our industry-leading 56V ARC Lithium??? battery technology gives you the power you need to keep working until the job's done. This is revolutionary cordless technology - it delivers the industry's highest energy capacity in a portable handheld battery. With a range of battery sizes available, choose the power you need to tackle any task.

All EGO ARC Lithium??? batteries are compatible with all our tools and chargers???and some jobs need more power than others. This chart tells you which battery is best for your tool???and helps you choose a second battery so you have infinite run time.

The EGO 56V 12.0Ah ARC Lithium??? Battery uses industry-leading technology to deliver Power Beyond Belief???. Its patented ARC Lithium??? design keeps the battery from overheating by pushing heat away so your equipment runs longer at full power. Its durable, shock-resistant design protects batteries from drops and the elements.

POWITEC ???3rd Generation??? 56V 5.0Ah Replacement Battery for EGO 56V Battery BA2800 BA4200 Lithium Ion Battery Compatible with EGO Power+ Cordless Tool Battery Pack EGO Power+ BA2800T-2 56-Volt 5.0Ah ARC Lithium??? Batteries with Fuel Gauge - Two Pack. Try again! Details . Added to Cart. spCSRF_Treatment. Add to cart . Try again! Details

The EGO 56V 5.0Ah ARC Lithium??? Battery uses industry-leading technology to deliver Power Beyond Belief???. Its patented ARC Lithium??? design keeps the battery from overheating by pushing heat away so your equipment runs longer at full power. Its durable, shock-resistant design protects batteries from drops and the elements.

EGO POWER+ 7.5 Ah ARC Lithium battery features a redesigned fuel gauge. The innovative built-in indicator lights lets you see how much run time you have left in your battery. With 5 segments wrapping the power button, yo

The EGO 56V 6.0 Ah ARC Lithium??? battery uses industry-leading ARC Lithium??? technology to deliver Power Beyond Belief???. Its patented ARC Lithium??? design keeps the battery from overheating by pushing heat away so your equipment runs longer at full power. Its durable, shock-resistant design protects batteries from drops and the elements.

The EGO 56V 2.5Ah ARC Lithium??? Battery uses industry-leading technology to deliver Power Beyond Belief???. Its patented ARC Lithium??? design keeps the battery from overheating by pushing heat away so your equipment runs longer at full power. Its durable, shock-resistant design protects batteries from drops and the elements.

ARC Lithium??? design keeps battery from overheating so equipment runs longer at full power. Shock-resistant design protects batteries and electronics from drops and the elements. Intelligent power management optimizes individual battery cells for ???

POWER+ 6.0 Amp Hour Battery. The EGO 56V 6.0 Ah ARC Lithium??? battery uses industry-leading technology to deliver Power Beyond Belief???. Its patented ARC Lithium??? design keeps the battery from overheating by pushing heat away ???

The innovative design of EGO's 56V ARC Lithium battery out-performs petrol-powered products. It is simpler, cleaner, quieter, safer for the environment and, with no emissions and less vibration, safer for users too. Impressive run-times and fast charge-times offer the ultimate in flexibility.

Up to 3.2% cash back? The EGO 56V 6.0 Ah ARC Lithium??? battery uses industry-leading ARC Lithium??? technology to deliver Power Beyond Belief???. Its patented ARC Lithium??? design keeps the battery from overheating by ???

Say goodbye to gas and hello to the future of lawn care with the EGO POWER+ 56V 5.0Ah Arc Lithium Battery. This powerhouse features a patented design that keeps things cool under pressure, ensuring your tools run at full

ARC Lithium design keeps battery from overheating so equipment runs longer at full power ; Shock-resistant design protects batteries and electronics from drops and the elements ; 5.0 Ah Battery Replacement for EGO 56v Battery (Green) 4.0 out of 5 stars

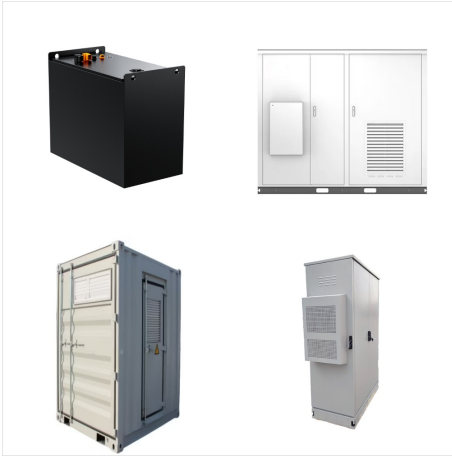

Whichever EGO Power+ 56V ARC Lithium??? battery you choose for the job; our forward-thinking design means it will fit any tool. And when it's time to charge up your power, your charger will fit any battery. How do we dispose of batteries? Call 1-800-822-8831 to recycle. This number is located on the warning label of each battery.

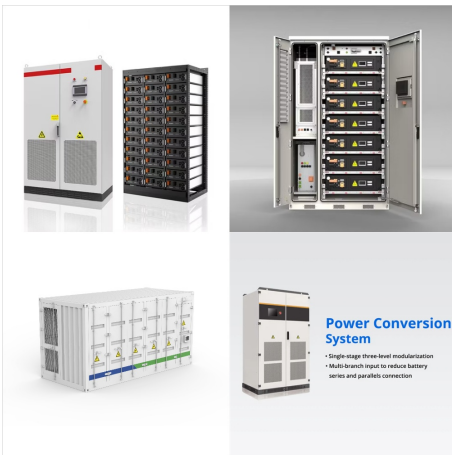

The advanced EGO POWER+ 56V 4.0AH battery uses industry-leading Arc-Lithium technology to deliver Power Beyond Belief and is compatible with all EGO outdoor power equipment. Keep-Cool battery technology keeps each cell cool ???

The EGO 56V 4.0Ah ARC Lithium??? Battery uses industry-leading technology to deliver Power Beyond Belief???. Its patented ARC Lithium??? design keeps the battery from overheating by pushing heat away so your equipment runs longer at full power. Its durable, shock-resistant design protects batteries from drops and the elements.

The EGO POWER+ 56-Volt 5.0Ah battery with upgraded fuel gauge uses industry-leading ARC-Lithium technology to deliver Power Beyond Belief and is compatible with all EGO outdoor power equipment. Keep-Cool battery technology keeps each cell cool for long life and to work in the most extreme conditions.

Fast Charge time: Charges in 40 minutes with EGO Power plus Rapid Charger Charges in 100 minutes with EGO Power plus Standard Charger. ARC Lithium battery is compatible with all EGO POWER plus Power Equipment and ???

We saw that when cutting through the thick drain field grass in our shootout. Where the rubber meets the road is in the total battery capacity, measured in watt-hours. This simple calculation is done by multiplying voltage by amp hours. Voltage x Amp hours = Watt hours. EGO Battery: $56V \times 7.5 Ah = 420 Wh$. Greenworks Battery: $80V \times 2.0 Ah = 160 Wh$

The EGO 56V 5.0Ah ARC Lithium??? Battery uses industry-leading technology to deliver Power Beyond Belief???. Its patented ARC Lithium??? design keeps the battery from overheating by pushing heat away so your equipment runs longer ???
