

Who is Interstate Batteries?

Founded in 1952, Interstate Batteries has become the preferred battery among automotive professionals. We are powered by a Distributor network of 300 wholesale warehouses serving more than 150,000 repair businesses and parts stores worldwide and 200 Interstate All Battery Center franchise battery stores.

Are Interstate Batteries dependable?

Not everyone is as dependable as Interstate Batteries. You'd be surprised by some drivers out there. What's no surprise is their cars always starting with Interstate Batteries. Regardless of climate, a regularly scheduled car battery test is the best way to know how your battery will behave in the future and whether you have a bad battery.

What kind of battery does Interstate MTX use?

The Interstate MTX car battery line offers premium performance and long life and includes both the AGM battery or EFB battery you need for your start-stop vehicle, vehicle with many accessories or car or truck requiring an EFB or AGM battery. Get longer life and high-cranking performance in cold-to-moderate climates.

Interstate Batteries of Greater Albany serves commercial customers in the Northwest Albany area. We are located at 2 Interstate Ave #1, Albany, NY 12205, near Central Avenue, kitty corner to Intivity furniture store. As a resident of Albany, we're a handy stop for all your commercial battery needs.

The jump starter's system also takes its own lithium-ion battery's temperature. So, if the jump starter is too cold or too hot, the computer will cut the circuit to protect the lithium-ion cell. Those temperature extremes can damage most batteries, but lithium-ion is especially vulnerable to heat.

Interstate Batteries (R) recycles more than 27 million batteries a year, and we work to make sure every old, dead car battery gets new life. We've recycled car batteries since 1952. We've helped make sealed lead-acid (SLA) batteries one of America's most recycled products. We now recycle more than just SLA batteries. Recycle With Us
