State-of-the-art clean, green and affordable baseload energy

Why should you choose arecor?

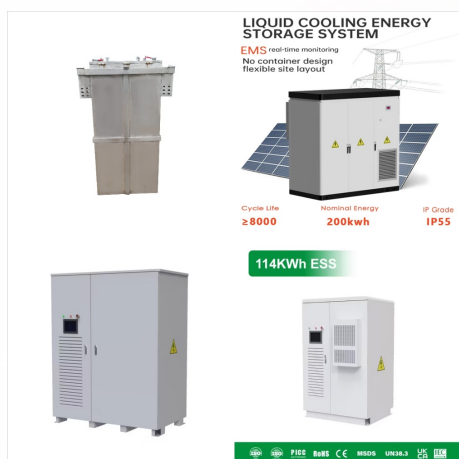

At the forefront of renewable energy innovation,ARECOR harnesses the power of water to provide reliable,affordable and sustainable clean energy solutions. Our team's 400+years of combined expertise in energy,infrastructure and aerospace has enabled ARECOR to set new standards in emissions-free baseload energy generation.

How can arecor transform natural water dynamics into sustainable power solutions?

Explore the frontier of hydropower with ARECOR as we transform natural water dynamics into sustainable power solutions for tomorrow. ARECOR specialises in large-scale solutions that provide clean, affordable and sustainable renewable energy generation and storage Proprietary, hydrokinetic turbines with the highest power coefficients ever achieved.

What is arecor & how does it work?

Unlike intermittent solar and wind, ARECOR systems operate at up to 95% capacity, consistently delivering baseload energy. Designed to be submerged and out of sight, our turbines do not disrupt aquatic life or require dam construction, ensuring minimal environmental impact.
