I have a couple of Arlo Pro 2 cameras that I want to connect with Solar Panels. I have seen that there are several types of Panels, some compatible others not. 1) Is the compatibility related just to the cable that runs from the Panel to the Camera or are there other electric parameters involved?

This ARLO Ultra/Pro 3 solar panel charger offers flexible placement and makes it easy to keep your camera charged with an 8 ft. magnetic charging cable. The 2-watt Arlo Solar Panel is designed to provide year-round trickle charging to ???

I have several cameras and they are powered by Wasserstein solar panels. However 2 of the panels don't seem to charge the camera batteries properly and I'm tired of fighting with them (I've swapped cameras, batteries, etc, and it appears it's the 2 panels) Is there another model of solar panels th
