

Agency for Non-conventional Energy and Rural Technology (ANERT), Kerala, India. American Council on Renewable Energy. American Solar Energy Society. Clean Energy States Alliance (CESA) EKOenergy. Energy-Quest. Environmental and Energy Study Institute. EurObserv'ER. European Renewable Energy Council.

Established in 1954, the American Solar Energy Society (ASES) is a 501(c)(3) nonprofit that advocates for sustainable living and 100% renewable energy. We share information, events and resources to cultivate community and power progress in the U.S. and beyond.

The International Renewable Energy Agency (IRENA) is a lead global intergovernmental agency for energy transformation that serves as the principal platform for international cooperation, supports countries in their energy transitions, and provides state of the art data and analyses on technology, innovation, policy, finance and investment.

The REA is a not-for-profit trade association, established in 2001. While the world around us has changed dramatically since we started out, our goal has always been the same: championing our members and promote a future built on renewable energy and clean technology.

ASES is a 501 (c) (3) non-profit that advocates for: 100% renewable energy and sustainable living by sharing information, events and resources to cultivate community and power progress. ASES Vision: A world equitably and sustainably transformed to 100% renewable energy.

The Association for Renewable Energy and Clean Technology, previously known as Renewable Energy Association (REA), is a renewable energy and clean technology trade association in the UK encompassing all of renewables industry in the United Kingdom.

? The REA is the UK's largest renewable energy and clean technology body, representing around 500 member companies. Join us to receive up-to-the-minute policy updates, grow your network at our industry-leading events and training courses, and influence the transition to a zero carbon economy.
