AUTOMATIC GENERATORS FOR HOME

A home standby generator can run for extended periods, using natural gas or liquid propane (LP) as a fuel supply. In a power outage, a permanently installed standby generator returns your home or business to power within seconds, even when you're away. A fully automatic standby generator senses an outage and begins producing power immediately.

If you're looking for a generator that's bigger than a small portable generator but smaller than a whole-home generator, this product from Honda may perfectly fit your needs. This generator weighs 44 pounds and has an output of 2,200 watts, making it ideal for outdoor spaces like campsites or tailgates.
