Introducing the AXIstorage Li 8S battery by Axitec -
a reliable and powerful energy storage solution for
both on-grid and off-grid applications. With 7.1 kWh
of usable energy, this battery is designed to deliver
optimal performance for your energy needs.

The AXIstorage Li is to be used exclusively for the
storage of electricity produced by photovoltaic
systems. Predictable misuse Every other use is
regarded as improper use. Axitec Energy GmbH &
Co. KG does not accept any responsibility for
damages resulting from such improper use.

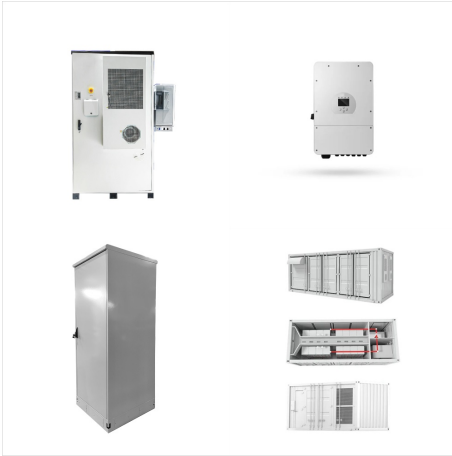

Axitec is a leading German solar pioneer, contributing to the global renewable energy transition; Introducing Axitec: A German Solar Pioneer efficiently regulates voltage and current from solar panels to prevent battery overcharging and enable safe solar energy storage.
