

What is a Kodiak Lt portable power station?

You never know how much you rely on power until you don't have it. Inergy's Kodiak LT portable power station is a powerful yet lightweight solar generator that packs a lot of power in a small package. The Kodiak LT allows you to take electricity wherever you need it, so you have it whenever you need it.

How much power does a Kodiak Lt have?

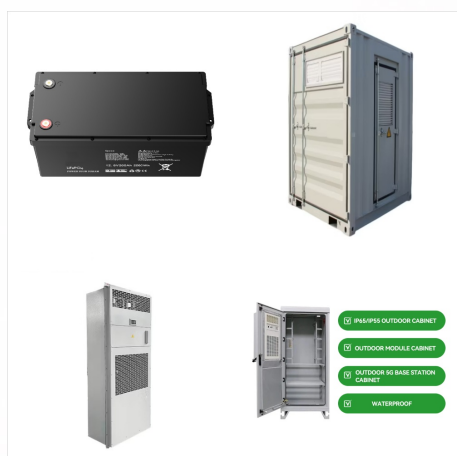

The Kodiak LT houses a 350W continuous modified sine wave inverter, which supports a 600W surge, and 350Wh of battery capacity. What does all of this mean to you? It means you can charge a laptop 5+ times, smartphones up to 20+ times, and power camping lights, fans, and other portable creature comforts anytime.

What is a Kodiak Lt?

The Kodiak LT is our most compact grab-and-go power station. The LT is the perfect companion for a road trip or weekend tent camping trip. The LT will easily inflate multiple air mattresses, keep phones and cameras charged, light up your home or camp site and even power a fan on those hot summer nights. Limited Stock - Order Now

Discover the Kodiak KD3000VR Portable Generator with 2400W output, 5.5 HP Honda GX160 engine, and AVR for steady voltage control. Featuring a large fuel tank, GFCI receptacles, and a silent muffler, this CSA-approved generator is perfect for construction sites, outdoor events, and emergency power needs.

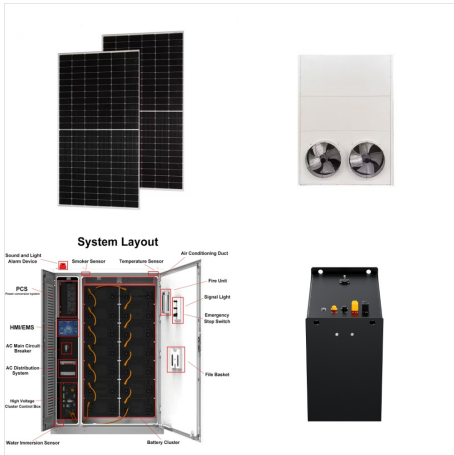

The RV plug made the Inergy Kodiak Solar Generator a great solar system for RVs and camp trailers, allowing RV users to power home appliances, the TV, outdoor equipment, and more. It was a great means of power production and/or emergency power when there were problems with the van. Sadly, the Kodiak Solar Generator has been discontinued.
