The PowerBox Royal SR2 once again sets new technical standards, offering a convincing array of features which until now have been the exclusive preserve of professional aviation. P? servo bus, 26 channels, 12-axis gyro, two pairs of regulators and a full-color screen - these are just a few of the technical refinements which the PowerBox Royal SR2 offers the ambitious pilot.

The PowerBox Pioneer is the perfect 14-channel power supply unit without voltage regulation, designed for HV servos. Since the unit has no voltage regulators, nor the large heat-sink surfaces required for them, it offers ultra-compact dimensions. Even so, the Pioneer still provides redundancy, as is the standard for all power supply units made by PowerBox-Systems.

Dann lassen Sie sich von Ihren Lieben einen PowerBox-Systems-Gutschein schenken! Anfragen einfach per E-Mail an: sales@powerbox-systems ++Neu++ PowerBox T-Shirt "Performance" Jetzt erhältlich! Das neue PowerBox T-Shirt "Performance" überzeugt durch seinen klassischen Stil und bequemen Schnitt.

The PowerBox Evo supports all current telemetry systems: PowerBox, Jeti, Futaba, Multiplex, Graupner, Spektrum and JR, which means that the voltage of both batteries can be monitored conveniently from the transmitter. It is also possible to read off the state of charge of the batteries at any time using the two tri-colour LEDs.

Die PowerBox Mercury SR2 ist die erste Wahl, wenn eine kleine, leistungsfähige Stromversorgung mit maximaler Funktionalität benötigt wird. Alle Features, die sonst nur in den größeren Stromversorgungen eingebaut sind, finden sich in der kompakten PowerBox Mercury SR2 wieder: iGyro, Servomatching, freie Kanalzuordnung und sogar ein Door-Sequenzler ???

PowerBox is a stand-alone fully assembled power unit, that doesn't require expensive installation costs by a qualified electrician. A fully compliant AC power unit fitted with earth leakage and circuit breakers; designed to be a plug & play ???
