A few months ago I bought the Ballistic Evo 4 Cell battery for the 2006 DRZ400SM. It has 8783 miles on her and ran good before. Do the free power mod. Get Ballistic to replace the battery (it should not of dies) or see if it can be recharged (you may need the special charger). have a failed charging system, ride a race bike with a total

Ballistic EVO Pro Battery Management System charger. This attempts to give a balanced charge to the cell packs by using the BMS port on the battery and is probably the best bet for potential recovery Thanks: The Power Garage Yamaha, Dunlop, Trackside Cuts, SonnyTheBull, Ecu Flash King, Vortex, Ballistic Performance Components Follow me on

The EVO R series draws on our rich heritage of making power. Offered for various off road MX and sport ATV models, the EVO R is a tried-and-true series that will save weight, add noticeable performance gains and sound tremendously better than stock. Black high-temp powder coated oval-shaped aluminum mufflers TIG welded

Race-proven power is what you get with an EVO S series exhaust. If a performance-driven, quality-made exhaust system is what you are after, look no further. BALLISTIC SERIES BANSHEE EXPLORER EVO S Full System - Honda Grom (17-20) Regular price \$326.99 / Title 16-1023 Add to cart

Optimate Lithium Ballistic Performance EVO, 13.2V 2.5A, TM-229 Advanced Battery Charger 8-STEP program - STEP 1: Low Volt Start (0.5V). STEP 2: Low Volt Save. STEP 3: SAVE: Monitor Cells. STEP 4: TEST - Cell ???

Keeping this in mind, Ballistic set out to create the lightest motorcycle and ATV battery possible and yet still retain and exceed the starting power that standard lead batteries put out. To accomplish this, each EVO2 uses the latest, state of the art lithium ferrous energy storage technology available to provide you with a smaller, higher

The EVO R series draws on our rich heritage of making power. Offered for various off road MX and sport ATV models, the EVO R is a tried-and-true series that will save weight, add noticeable performance gains and sound tremendously better than stock.

all that's saying is your charging system is working. normal is 13.2 to 14.2v at mid range rpm you need to measure for resting voltage to determine charge levels. generally trickle chargers are next to worthless for standard charging. depending on rate, could take several days to charge up. most batteries like to be charged at higher rates.

The system utilises Liquid-Cooled Energy Storage, Built-in Energy Management System + PLC, Integrated Fire-Suppression System, Back-up Power functions and proven Tier 1 OEM hardware. NEO is scalable in 100 kW Power and 250 kWh Energy storage increments providing flexibility of paralleling systems into the MW / MWh capacities.

The ballistic EVO Power System is a light weight lithium-ion starter battery system that comes complete with everything you need to charge, maintain, and monitor your EVO3 battery for maximum battery power and maximum battery life. The EVO Power System is perfect for high performance power sports vehicles with high parasitic draw or vehicles

The EVO R series draws on our rich heritage of making power. EVO Power System Upgrade Kits are here! Everything you need to charge, maintain, and monitor you EVO Battery. A Optimate 1 Lithium Charger (retail \$39.95) and EVO Health Monitor (retail \$39.95) available for a limited time for incredible price of \$59.95! Learn more at

Race-proven power is what you get with an EVO S series exhaust. If a performance-driven, quality-made exhaust system is what you are after, look no further. BALLISTIC SERIES BANSHEE EXPLORER EVO S Full System - Yamaha Zuma 125 (16-20) Regular price \$405.99 / Title 16-2013. Add to cart

During the many years of the Automated Ballistic Identification systems project development we have analyzed thousands and thousands of ballistic expertise specimens. We have learned to quickly and efficiently turn real specimens into digital "virtual" ones. We have "taught" them to find each other among masses of those alike.

BALLISTIC series is for the price-conscious rider that wants to get every ounce of power out of his/her motor but does not want to break the bank. Exclusively offered as Dual Full System for the Yamaha Raptor, the BALLISTIC series is affordable yet powerful. A cheap price does not equal a cheap exhaust. Our BALLISTIC s
