

Banks Ram-Air Intake feeds your Cummins engine cooler, denser, outside air for greater power and fuel economy. Up to 66% greater flow over stock. Its performance is extensively tested and validated: in the computer, using Computational Fluid Dynamics software - on the flowbench - and later, on the vehicle.

Banks Ram-Air Intake feeds your Cummins engine cooler, denser, outside air for greater power and fuel economy. Up to 66% greater flow over stock. Its performance is extensively tested and validated: in the computer, using Computational Fluid Dynamics software - on the flowbench - and later, on the vehicle.

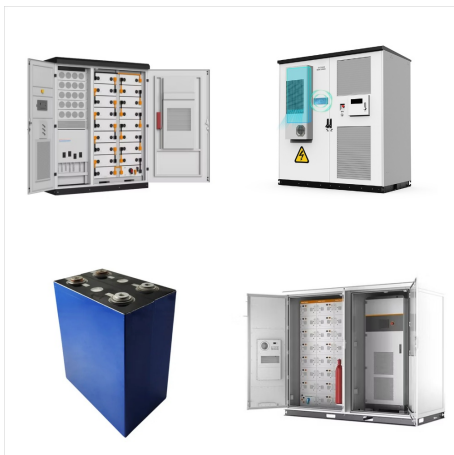

The Cold Air Intake is engineered to boost horsepower and torque, significantly enhancing the performance of your vehicle Performance Enhancement. Improved throttle response and the inclusion of a washable and reusable oiled filter ensure optimal air flow and efficiency.

# BANKS POWER 42255 RAM-AIR INTAKE SYSTEM

Enter the Ram-Air intake systems???the proven cold air intakes. Banks designed these systems to flow larger amounts of cold, dense air to your engine for greater power and fuel economy. Ram-Air units are enclosed to keep hot, power-robbing engine air out, while they inhale big gulps of fresh air through large, unrestrictive components to feed

Part #s 42255, 42255-D Banks Ram-Air(R) Intake System 2013-2018 Ram 6.7L Cummins Pickup Trucks. Please read through the following instructions thoroughly before starting your installation. If you have any questions please visit our Support Page.

The Banks Power 42255 Ram-Air Intake System will improve the airflow into the engine of your 2013-2018 Dodge Ram 6.7L Diesel. This Intake System has been proven to give your truck cooler, denser, outside air for greater power and help boost fuel economy.

# BANKS POWER 42255 RAM-AIR INTAKE SYSTEM

The Banks Power 42255-D Ram-Air Intake System With Dry Filter is tested and proven to give your 2013-2018 Dodge Ram 6.7L Diesel cooler, denser, outside air for greater power and fuel economy. The performance of this cold air intake was extensively tested and validated via computer using Computational Fluid Dynamics software, on a flow bench

Banks Power Engineering 41890-D Ram Air Air Intake Kit Fits Ford F-250 Super Duty dummy K&N Cold Air Intake Kit: Increase Acceleration & Towing Power, Guaranteed to Increase Horsepower up to 21HP: Compatible with 6.7L, ???

Banks Ram-Air Intake feeds your Cummins engine cooler, denser, outside air for greater power and fuel economy. Its performance is extensively tested and validated: in the computer, using Computational Fluid Dynamics software on the flowbench and later, on the vehicle.
