

How are the cabinets connected to the apm30h?

The upper cabinets are connected to the lower cabinets with the equipotential cables. The lower cabinets are connected with the equipotential cables. The cabinet below the APM30H is connected to the grounding busbar with PGND cables.

How do I install the apm30h?

The APM30H is the Advanced Power Module (with Heat-exchanger cooling). Page 12 APM30H installation. The procedures for installing the hardware of the APM30H involve installing the APM30H, installing the APM30H components, installing the APM30H cables, sealing the cable holes, powering on the APM30H, and checking the APM30H hardware installation.

What are the components of an apm30h?

An APM30H consists of the AC/DC power system, fan assembly, electronic label unit (ELU), door status sensor, filler module, optional AC heater, and service outlet unit (SOU). The AC/DC system converts 110 V/220 V AC power to -48 V DC.

Who makes the manual for apm30h VD?

Manual for APM30H Ver.D, made by Huawei Technologies Co. Ltd (Huawei Technologies Co. Ltd)

What type of power does the apm30h support?

The APM30H supports the input power of 220 V AC single-phase, 220/380 V AC three-phase, 110 V AC dual-live-wire, 120 V AC dual-live-wire, and the output power of -48 V DC. When AC power is used, the base station converts AC power into -48 V DC power. The following table lists the AC input voltage range supported by the APM30H.

Where can I find a Huawei apm30h installation manual?

Huawei Industrial Base Bantian Longgang Shenzhen 518129 518129 People's Republic of China View and Download Huawei APM30H installation manual online. APM30H power supply pdf manual download. Also for: Tmc11h, Ibbs2000d, Ibbs200t.

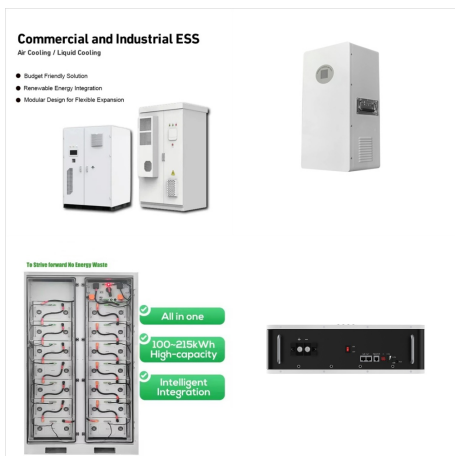

Page 14 Installing the Heater in the APM30H Cabinets (Optional) Install the heater. The heater is preferably installed in the bottom If both the SOU and the heater are installed in the 1U space of the cabinet. cabinet, the heater is installed above the SOU. NOTE When the temperature inside the cabinet is lower than 0°C, the heater starts working.

High quality APM30 APM30H TMC11H IBBS200D IBBS200T for HUAWEI DBS3900 DBS5900 from China, China's leading Huawei Telecom Router product, with strict quality control Huawei Telecom Router factories, producing high quality Huawei Telecom Router products.
