

Solar Panels. A solar panel is a device which is used to convert energy contained within the sun's rays into electricity. The off-grid solar electric systems consist mainly of solar panels or photovoltaic panels (PV), batteries and a DC to AC inverter. The solar panels convert energy from sunlight into electrical dc energy.

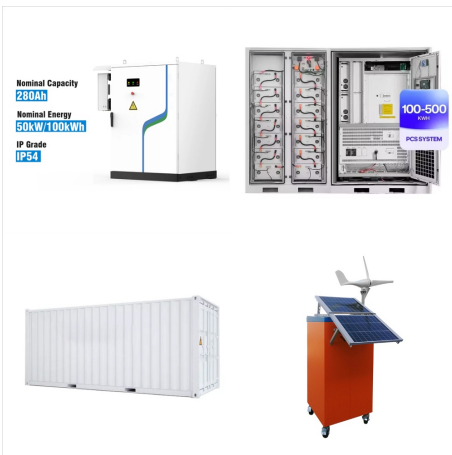

Below is a list of the major solar panel installers in Barbados, providing both residential and commercial solar PV installations. Before you obtain quotes, find out what questions to ask. #1 recommendation for residential solar PV systems ??? EcoEnergy #1 recommendation for commercial solar PV systems ??? Williams Solar
