

"EnergyNet" by Hayleys Solar is an off-grid solar PV system with a battery backup which allows solar power generated during the daytime to be stored, making it ideal for usage during power ???

The Ceylon Electricity Board Hybrid Power System ??? Battery Energy Storage System is a 5,000kW energy storage project located in Sri Lanka. The rated storage capacity of the project is 10,000kWh. Free Report

Hayleys Solar, the renewable energy arm of Hayleys Fentons, is one of the most trusted service providers for solar power in Sri Lanka, specialising in renewable energy and energy storage solutions for domestic, commercial and industrial requirements.

Hayleys Solar, the renewable energy arm of Hayleys Fentons, is one of the most trusted service providers for solar power in Sri Lanka, specialising in renewable energy and energy storage solutions for domestic, ???

Solar Eclipse is an intelligent electronic system that stores excess electricity produced by the traditional photovoltaic system. Not only, it charges any kind of regular batteries (lead, gel, lithium, etc.) and then re-uses them when ???

"EnergyNet" by Hayleys Solar is an off-grid solar PV system with a battery backup which allows solar power generated during the daytime to be stored, making it ideal for usage during power outages, even during nighttime.

By utilizing advanced tech solutions, such as Battery Energy Storage Systems (BESS), we can unlock the full potential of these resources. Bureau Veritas supports accelerated BESS installation deployment with dedicated solutions for project developers, Engineering, Procurement and Construction companies (EPCs), investors and lenders.

"EnergyNet" by Hayleys Solar is an off-grid solar PV system with a battery backup which allows solar power generated during the daytime to be stored, making it ideal for usage during power outages, even during nighttime.

Solar Eclipse is an intelligent electronic system that stores excess electricity produced by the traditional photovoltaic system. Not only, it charges any kind of regular batteries (lead, gel, lithium, etc.) and then re-uses them when necessary (at night time or when solar irradiation is low).

JK BMS is an advanced battery management system designed for use in lithium iron phosphate (LiFePO4) battery packs. It features a high current rating of 150A and a balance current of 2A, making it suitable for high-performance battery systems used in applications such as electric vehicles, off-grid solar systems, and backup power systems.

We are one of the leading Industrial Battery importers and distributors in Sri Lanka. The company is equipped with full range of batteries and consist with an island wide dealer network to provide the best services to customers.

JK BMS is an advanced battery management system designed for use in lithium iron phosphate (LiFePO4) battery packs. It features a high current rating of 150A and a balance current of 2A, making it suitable for high-performance battery ???

Universal Power Products ??? UPS Batteries. UPS is one of our main products and distributed over Cooperate Sector as well as Government Sector. We import and distribute SOROTEC Branded UPS Ranging from 600VA for home and single computer use up to 10kVA central ups systems.
