

NexSys(R) PURE batteries provide an advanced, cost-effective power solution. NexSys PURE batteries offer faster, more flexible Trademarks and logos are the property of EnerSys and its affiliates except UL, which is not the property of EnerSys. Subject to revisions without prior notice. E.& O.E. AM-NXS2V-GEN1-TD AA August 2020

Exceptional power made to last. A rugged metal outer jacket offers strong protection from shock, vibration and extreme temperature. Extremely thin, 99.99% pure lead plates offer more surface area and deliver far more power than conventional batteries.

EnerSys is the global leader in stored energy solutions for industrial applications. We manufacture and distribute reserve power and motive power batteries, battery chargers, power equipment, battery accessories and outdoor equipment enclosure solutions to customers worldwide.

EnerSys" ABSL??? lithium-ion space battery powers the spacecraft's flight and scientific instrumentation. The battery, consisting of three 8s72p modules connected in parallel, provides over 540 ampere-hours of capacity through a 28-volt system, performing various charge and discharge cycles throughout the mission's duration.

EnerSys(R) ABSL Battery Successfully Launched On NASA's Europa Clipper Spacecraft. Read more EnerSys Recognized in TIME World's Best Companies 2024 and Forbes Best Employers for New Grads 2024 EnerSys (NYSE: ENS), the global leader in stored energy solutions for industrial applications, is proud to announce its inclusion in two prestigious

IMPAQ chargers feature flooded lead acid batteries and thin plate pure lead technology batteries, providing a high-frequency and value-packed charging solution. An intelligent and better value in high-tech battery charging, IMPACT chargers offer advanced efficiency, outstanding flexibility, and energy savings to your operations for energy savings.

ODYSSEY (R) batteries are designed to handle 400 charge-discharge cycles to 80 percent Depth of Discharge (DOD). Backed by an industry-leading warranty, they feature a three- to 10-year ???

A battery with the tools for trouble-free power. NexSys (R) PURE batteries offer a virtually maintenance-free power solution. Now, EnerSys (R) takes this battery into the next generation by adding an advanced carbon additive to our proprietary Thin Plate Pure Lead (TPPL) technology for increased cycle life and higher energy throughput.. Combine this power with a high ???

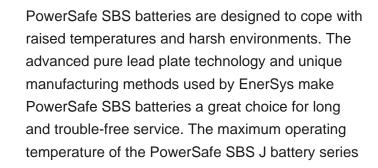

battery movement. EnerSys(R) approved fasteners must be used. The valves on the top of the battery must not be sealed or covered. NexSys PURE batteries may be installed in any direction except inverted. Only batteries with the same state of discharge should be connected together. Charge the battery (see Section 2.2) before the first discharge.

EnerSys(R), the global leader in stored energy solutions for industrial applications and the manufacturer of ODYSSEY(R) batteries, has strengthened its portfolio to now include ODYSSEY(R) PRO batteries, engineered with an advanced carbon additive for more reserve capacity (up to 10 percent) and longer cycle life.

Welcome to OdysseyBattery - the official manufacturer's website for the revolutionary ODYSSEY(R) battery. It has twice the power and triple the life of conventional lead acid batteries, and is ideal for car, truck and powersports vehicles, ???

EnerSys is the largest industrial battery manufacturer in the world, operating manufacturing and assembly facilities worldwide for customers in over 100 countries. EnerSys reserve power batteries are marketed and sold principally under the PowerSafe, DataSafe, Hawker, Genesis, Odyssey, Varta and Cyclon brands. EnerSys Reserve Power Division

Genesis battery incorporates a high vent-pressure design, The EnerSys Genesis EP batteries experience no "dry out" failure mode from repeated recharges. 3. Float life - Conventionally sealed-lead batteries vary greatly in specified standby life: from three to six years at 68?F (20?C). Genesis EP batteries, however, offer a ten-year design

Commercial and Industrial ESS

OSI Batteries is very proud to be an Authorized Distributor and Value Add Center for EnerSys. The PowerSafe??? SBS-190F battery utilizes unique and proven technology to provide superior performance with an extended service life in compact and energy dense configurations. PowerSafe SBS batteries are manufactured to the highest international standards and are ???
