Line Interactive UPS systems are indispensable in
various sectors, providing continuous power supply,
and safeguarding devices from potential damage
due to power fluctuations. The added assurance of
a two-year warranty for the UPS and a one-year
warranty for the batteries underscores their
reliability.

ATX 12V V2.3 550W PC Power Supply Unit. Made
of high-quality components, the power supply has 2
x SATA connectors, P4 4-pin connector, and a
universal 24-pin motherboard connector. It supports
ATX 12V 2.0 specifications, so it can be used with
current and next-generation platforms with
multi-core processors.

12V2A is an individual DC power supply used by
many of the CCTV and IP cameras that we supply.
This power supply is used mainly for larger infrared
CCTV cameras or infrared IP cameras which
require more power. This 12V DC power supply is
fully regulated and provides 12V DC 2 amps of
power. The input power required is 100-240VAC
50/60Hz.
