Battery Tender. Junior 12V, 800mA Battery Charger and Maintainer for Lead Acid and Lithium Batteries - Switchable Battery Charger for Powersports - 022-0199-DL-WH. 4.8 out of 5 stars. 4,203. 1K+ bought in past month. \$39.95 \$ 39. 95. FREE delivery Mon, Aug 12 .

(Note- we are talking about Battery Tender(R) brand chargers here, as this is by far the most popular charger in use in the US market.) Why you should not use a Battery Tender(R) on a lithium battery. Here is the simple answer: A Battery Tender(R) can not measure State of Charge (SoC) of a lithium battery. It simply does not have this capability.

The Battery Tender(R) Junior 12V, 800mA Battery Charger and Maintainer is all you need to stay charged, extend your vehicle's battery life. It's easy to use, safe and secure. STAY CHARGED Boost your ride's battery life with the Battery Tender(R) Junior Automatic Battery Charger and Maintainer by Deltran for motorcycles, ATVs, and more!

The Battery Tender Lithium Battery Charger is a great option for those who want to switch to lithium batteries. This charger is specifically designed for lithium batteries, and it features a built-in microprocessor that automatically adjusts the charge rate to match the battery's needs. The Battery Tender Lithium Battery Charger also has an

Steps for how to use a battery tender. Source: Internet Place the charger as far from the battery as the cables permit. Now, with the charger "OFF" and the AC plug not linked to the wall channel, place the charger's DC and AC cables far from the automobile's moving parts .i.e. fan blades, pulleys, hood, door etc.

The Battery Tender(R) Junior (BTJR) battery charger has microprocessor controlled power electronic circuitry which enables it to preform and safely control a number of sophisticated charging functions, well beyond the capability of inexpensive trickle chargers. Some legacy marketing literature refers to the BTJR as a "Trickle Charger with a

Connecting your Battery Tender charger to your battery using ring terminals or alligator clips is easy, and switching between these connectors is just as simple. Remember, red goes to red (positive), and black goes to black (negative) to ensure proper polarity.

Battery Tender(R) battery chargers charge and maintain your vehicle's battery leading to a four times longer battery life.
