

Is Sun King a solar company?

In 2009, Sun King sold its first solar-powered lamp. Today, Sun King is the world's leading off-grid solar energy company. Sun King's 2,500 staff have served 100 million product users based in 65 countries around the world.

Is Sun King a profitable company?

Despite its rapid expansion, Sun King has remained consistently profitable. According to GOGILA, the global association for the off-grid solar energy industry, Sun King now accounts for 38% of industry-wide PAYG solar revenue. This growth has eliminated 22 million tons of carbon dioxide emissions and saved consumers \$4.4 billion in energy costs.

How did Sun King grow?

As Sun King grew, it expanded its product line to include solar home systems designed to meet diverse customer needs. These systems allowed families to power lights, charge mobile phones, and run small appliances. The company's customer-focused approach and commitment to affordability drove its rapid growth across Africa and Asia.

What is Sun King PAYG financing?

Sun King's PAYG financing model makes solar affordable to virtually all off-grid and weak-grid homes, allowing customers to leapfrog electrical grids and fossil-fuel energy sources entirely. Households receive high-quality equipment, which they can then pay off as they use the asset.

Who founded Sun King & Greenlight planet?

Sun King, initially known as Greenlight Planet, was founded in 2007 by three University of Illinois graduates: Patrick Walsh, Anish Thakkar, and Sam Goldman. Patrick, an engineering student, had worked on a biodiesel generator for a rural village in Eastern India.

How much money has Sun King raised?

Sun King's success attracted significant investor interest, leading to a series of funding rounds that fueled its expansion. Since its inception, Sun King has reportedly raised over \$400 million across multiple rounds. A major milestone was its \$260 million Series D round in April 2022, led by General Atlantic.
