NEWS from NuEnergy Storage Technologies! We are thrilled to announce our participation at the Annapolis Spring Sailboat Show 2024 this week, where we will be showcasing innovative battery solutions tailored specifically for the marine market. ??????? Introducing our Marine Power Pak - a revolutionary 48V/300Ah solution with a 14.4KWh rating designed to transform marine power.

Healthcare technology moves at lightening speed and NuEnergy Storage Technologies is up to the challenge of powering life saving devices and medical equipment. Our experienced team has manufactured custom medical battery packs for devices that monitor blood-glucose levels, help patients to breathe easier, eye instruments, and other battery

Applications ranging from smart watches to electric vehicle mobility and energy storage solutions, NuEnergy Storage Technologies has provided high quality solutions to our customers for decades. We've been creating customized packs for our customers for over 20 years. Contact our office to discuss a custom pack that'll power your business.

Trilogy represents a proprietary combination of three proven water treatment technologies each capable of addressing a significant industrial water contamination issue. Designed to be fit in two standard shipping containers, the Trilogy can be easily deployed to support either temporary water treatment needs or as part of a permanent water treatment facility.

We provide a broad range of "green energy" consulting services, grant writing, and feasibility studies to business and government entities exploring the application of renewable energy technologies to their operations. Additionally, NuEnergy offers systems integration and value-added engineering services in a variety of situations.
