

What standards does Belleli Energy CPE comply with?

The quality management system of Belleli Energy CPE also complies with the standards ISO 9001, ASME Code Section VIII Div.1 & VIII Div.2 and with the European Directive for Pressure Equipment 2014/68/UE, as well as the Chinese and TR CU regulations for EAC marking.

Who is Belleli Energy?

In over 70 years of activity in the world market, Belleli has created and consolidated its reputation as a supplier of high quality products and services. In the 1970s it introduced the first Quality System for nuclear manufacturing. Belleli Energy CPE is now an ASME Nuclear Stamp Certificate holder.

What is the Belleli Energy CPE quality program?

The Belleli Energy CPE Quality Program focuses on the continuous improvement of its key processes, which are constantly monitored in order to achieve operational excellence. In over 70 years of activity in the world market, Belleli has created and consolidated its reputation as a supplier of high quality products and services.

Why should you choose Belleli Energy CPE?

Vast spaces, large production plants and favorable conditions for international transport, allow Belleli to satisfy all kind of requests for the construction of sophisticated process equipment of any weight and size. Belleli Energy CPE is equipped with a private dock of 120 m x 1200 m, served by a barge with a rated load capacity of 1,500 tons.

Why is bellelienergy a value provider?

This significant contribution, as a value provider of the AMW Consortium in the frame of a contract with the European Agency Fusion For Energy, has endowed #BelleliEnergy with a remarkable legacy of quality, engineering, and manufacturing skills. These nuclear components are among the most complex mechanical equipment ever fabricated.

Why did Belleli build a crane system?

Due to the increasingly high dimensions of the products and worldwide demand, Belleli's engineers designed and built a crane system to load river barges, becoming able to ship heavier equipment from Mincio/Po river

to Porto Marghera international seaport.
