

Who makes Csb batteries?

CSB Battery Technologies, part of Hitachi Chemical Energy Technology Co. Ltd, is a leading global manufacturer of Valve-Regulated Lead-Acid (VRLA) batteries, and our products are utilized in over 100 countries for telecommunications, UPS (Uninterrupted Power Supply), solar, wind power, emergency lighting, security and other additional applications.

Who is Csb energy technology?

We changed our name to CSB Energy Technology Co., Ltd. in May 2020 and became a member of the Energywith Group based in Japan. Our worldwide distribution network and commitment to quality have contributed to our growth today. We established a ISO-certified quality assurance center reliability laboratory in Taiwan.

How many locations does Csb energy technology have?

Founded in 1987, we have since established 6 business locations and 3 production locations with nearly 2,300 employees worldwide. We changed our name to CSB Energy Technology Co., Ltd. in May 2020 and became a member of the Energywith Group based in Japan.

What makes Csb energy technology successful?

At CSB Energy Technology, quality of products and services offered is a cornerstone of what makes our company successful. In addition to carrying high standards in our manufacturing with ISO9001, 14001, 45001, 50001, we also have the unique distinction of being ISO17025.

What are Csb batteries used for?

CSB batteries were used in these devices in non-temperature-controlled conditions, off-grid, needing to provide stable power to critical instruments conducting measurements.

Why is Csb a good battery company?

Founded in 1986, CSB has evolved into an international company providing over 4 million batteries monthly. CSB's demand for producing high quality batteries is the main reason for its' growth. The wide array of CSB customers have come to know and trust the quality and reliability of its' products and services.

CSB Battery GP672 is a general purpose, maintenance-free sealed lead acid battery that offers up to 5 years in standby service. As with all CSB batteries, it is rechargeable, highly efficient, leak proof and maintenance free. The GP672 offers Absorbent Glass Mat (AGM) technology for efficient gas recombination of up to 99%.
