

Who is EthosEnergy?

EthosEnergy operates in more than 100 countries, providing service quality that is supported by a track record of tailored solutions. We aim to consistently improve performance across the value chain for markets, including industrial, oil and gas, power, and aerospace.

Who is ethos Energy Group?

Ethos Energy Group is a joint venture between Wood Group and Siemens Energy Service. EthosEnergy has 5 employees across 28 locations and \$821 m in annual revenue in FY 2023. See insights on EthosEnergy including office locations,competitors,revenue,financials,executives,subsidiaries and more at Craft.

What makes EthosEnergy unique?

A unique combination of partnership and service quality,backed by a track record of tailored solutions,for the power,oil &gas,industrial and aerospace markets. EthosEnergy operates in over 100 countries to consistently improve performance across the value chain.

What does EthosEnergy do in the Middle East?

EthosEnergy, which specialises in services and solutions for rotating equipment in the energy and industrial sectors, has expanded its footprint in the Middle East as the region's major players ramp up oil and gas investments amid concerns about global energy shortages.

How can EthosEnergy help you?

Whether you have a question about our services or capabilities, or how we can help you solve a challenge, we'd love to hear from you. What can we help you with today? EthosEnergy makes energy affordable, available and sustainable by supporting you through the complexity of business today and future transition.

What is EthosEnergy doing in Israel?

EthosEnergy is currently increasing the scope of its activitiesin Israel,with the overarching goal of making energy available,reliable and sustainable for all.

Mr Hussein Saihood, Executive Vice President of RAS Group, said, "We are proud to be bringing the first gas turbine component repair facility to Iraq, demonstrating our deep commitment to these extremely important power generation and oil and gas markets.

On September 30, 2024, Polskie Sieci Elektroenergetyczne S.A. (PSE) signed contracts with EthosEnergy Poland and Hitachi Energy Poland for the supply of autotransformers worth almost EUR 46 million.

Our team will be on the EIC UK pavilion at the event, stand number 8530, so be sure to visit our team to discuss how we can support you to bridge the energy transition gap with our innovative engineering solutions for rotating equipment in the Middle East.

Our Oberhausen facility provides turbine services for GE Frame 3, 5, 6 and 9 heavy duty engines as well as Siemens Energy SGT-600 engines, with operations spanning more than 25 years. Oberhausen has a large inventory of spare parts to respond quickly to customer requests.

EthosEnergy makes energy affordable, available and sustainable by supporting you through the complexity of business today and future transition. WGPW (Wood Group Pratt & Whitney) is the leader in the overhaul of GG4, FT4 gas generators, free turbines, and other aero-derivative turbines, in addition to providing FT4 spare parts and technical

Jesteśmy firmą rozwijającą się, bardzo dobrze rozpoznawalną wśród producentów wiatrowych oraz firm serwisowych z zakresu urządzeń do zasilania. Zapraszamy do skorzystania z naszej oferty i może 1/4 liwości naszej firmy.

This plant, with a customized configuration specific to the site, is operated by EP Produzione, the fifth-largest electricity producer in Italy, with an installed capacity of about 4.4 GW.

Mając ponad 25-letnie doświadczenie w branży energetycznej, Mario jest znany ze swojej strategicznej wizji, silnego przywództwa i umiejętności realizacji. Dołączył do EthosEnergy z ItalPresseGauss, gdzie był dyrektorem generalnym. Wcześniej spędził 20 lat w firmie GE Energy na różnych stanowiskach kierowniczych.

Discover our expert aeroderivative gas turbine services. We provide maintenance, repair, and parts, ensuring optimal performance and efficient lifecycle management for your turbines. (Wood Group Pratt & Whitney) is the leader in the overhaul of GG4, FT4 gas generators, free turbines, and other aero-derivative turbines, in addition to

EthosEnergy in Rayong, Thailand specializes in rejuvenation, repair and life extension of industrial gas turbine components. With world-class engineering and manufacturing services at the highest level we provide our customers with the most cost effective solutions that will extend equipment life cycle capability while increasing availability

Geothermal energy is a rising star in the global effort to reduce emissions, ensure energy security, and boost economies. According to Donald Leger, Manager for Steam Turbine Application Engineering at EthosEnergy, a comprehensive suite of solutions and technology is essential to fully harness this potential.

EthosEnergy will be attending the largest gathering for rotating machinery technology and innovation, the 7th Annual Middle East Rotating Machinery Technology and Innovation Symposium (ME RoTIC), taking place in Dubai, the United Arab Emirates from 24 to 26 September in Le M?ridien Hotel & Conference Centre.

Unser Ethos ist unser Fundament, der Fels, auf dem wir unser Unternehmen aufgebaut haben. Es kennzeichnet, wer wir sind und was wir tun, und noch besser: Alle f?nf Elemente wurden von unseren Mitarbeitern ausgew?hlt und definiert. Wir leben und demonstrieren unser Ethos untereinander, mit unseren Kunden und in unseren Gemeinden.
