Ben Willis. Dominion Energy Virginia IRP includes 12GW of solar PV, 4.5GW energy storage. German solar integration specialist Belectric has begun serial production of its "Energy Buffer Unit" (EBU) battery system. True value of energy storage being overlooked through "narrow focus" on costs ???
World En.

According to Willis, energy underwriters who believe that the softening in the energy market may soon come to an end are suffering from "wishful thinking". In its August Energy Market Review, Willis reported on feedback from a number of underwriters who felt that some insurers will not be able to bear a continued softening into 2015.
