"Boston's Community Choice Electricity program empowers residents and small businesses to save money and choose a greener future for our communities," said Mayor Wu. "Signing up for this program will help speed the process of Boston becoming a 100% renewable energy city and provide a more affordable option this winter."

The Boston Community Choice Electricity (BCCE) program provides renewable electricity to its customers. The program does this through the purchase of Renewable Energy Certificates (RECs). You can find questions and answers below about how that works.
