

Who is the best solar company in Arkansas?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in Arkansas are Sunrise Solar, PowerSync Solar LLC, Perihelion Solar, Arkansas Energy Ventures, LLC, and Solar Alternatives Inc. How many solar companies are in Arkansas?

Is Arkansas a good place to install solar?

Arkansas currently ranks 30th in the nation for installed solar -- and the Solar Energy Industries Association (SEIA) expects the state to grow its solar capacity from 632 megawatts (MW) to 3,004 MW over the next five years. If you want to switch to solar energy, we rounded up the best solar companies in Arkansas to help with your installation.

How do I choose a solar provider in Arkansas?

Here are a few factors to consider when choosing a solar provider: Arkansas is home to 36 solar panel system installers, according to the SEIA. We recommend SunPower or ADT Solar for homeowners looking for the most experienced installer, while residents seeking multiple financing options should check out Blue Raven.

How do I choose a solar panel installation company in Arkansas?

Both in Arkansas and beyond, most solar panel installation companies exclusively install their own products or products from their manufacturing partners. So, when you're choosing an installation company, you are also choosing its set of products.

Are solar panels a good investment in Arkansas?

With an average of 123 clear days per year, there is typically more than enough sun in many parts of Arkansas to help with residential solar panels. The cost to install solar panels is also lower than the national average and ongoing federal tax credits further sweeten the deal.

Why should you hire a professional solar installer in Arkansas?

Quality installation is more than just installing panels as well. A professional solar installer in Arkansas knows how to install solar panels so that the panels themselves remain undamaged, but your installer will also not damage your roof or home.
