

How many solar companies are there in Tennessee?

There are 141 solar companies in Tennessee, with 60 of these companies being installers or developers, according to the SEIA. Even though you have a lot of installer options, you should still try to get as many quotes as you can to make sure you get the best price possible. Here are a few installers servicing Tennessee.

How much does solar cost in Tennessee?

The cost per watt makes it easier to compare prices between quotes and gives you a better idea of how fairly the system is priced. The average price of solar is about \$2 to \$4 per watt (without a battery) in Tennessee, so anything in that range is a fair price. Some prices may be too good to be true.

Who is the best solar company in Tennessee?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in Tennessee are ReNew Solar Solutions, Green Wave Solar, Astrawatt Solar of Nashville, and Bulldog Electrical Contractors, Inc. How many solar companies are in Tennessee? There are 4 solar companies in Tennessee on the EnergySage Marketplace.

How do I choose a solar energy company in Tennessee?

Tennessee residents interested in the benefits of installing a solar energy system in their homes should research and contact at least three solar companies to request a consultation. You can get pricing quotes and compare companies based on reviews, service standards, and prices for similar systems.

Is Tennessee a good state for solar energy?

In 2024, Tennessee ranked No. 30 in the country for solar energy installations according to the Solar Energy Industries Association (SEIA). That's improved from No. 32 the year before, with expectations that the state could rank even better in the coming years.

Is Tennessee a good place to install solar panels?
