

Who is the best solar company in Long Beach?

With that in mind, here's our ranking of the top five solar companies in Long Beach, CA based on ratings, reviews, and more. Since 2008, Solar Optimum continues to be the leader in supplying solar energy systems, back-up battery storage a... Sunergy is the #1 Rated Enphase Platinum Installer in CA.

How much does solar cost in Long Beach CA?

The average price per watt of solar power in Long Beach, CA is \$2.57/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$12,919 for a 7.18 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.

Is solar energy a good idea in Long Beach?

In addition to monetary savings, adopting solar energy lowers your carbon footprint and environmental impact. We've calculated the approximated CO2 emission reductions you can realize by going solar based on data from NASA and the EPA. What solar incentives are available in Long Beach?

Is Sunrun a good solar company in Long Beach?

Sunrun is another big name you'll likely come across when researching solar leases in Long Beach. Sunrun doesn't have a great reputation among customers or solar industry pros, so we don't recommend doing business with this company. What are the best solar companies for zero-down solar loans in Long Beach?

Why should you choose a solar system in Long Beach?

The Long Beach region gets plenty of sunlight, which is ideal for homeowners to capitalize on solar energy. Here are the key reasons to choose solar: Save on energy bills: Adopting solar can help reduce your electricity bills. Solar panel systems use power to replace the electricity you would have otherwise bought from the utility company.

Should you get a solar loan in Long Beach?

Solar loans are popular among homeowners because you don't have to have the money for the installation upfront, but you get better lifetime savings than with a leased system. You also get to directly use the incentives (tax credits, rebates, etc.) available in Long Beach, rather than a leasing company retaining them.
