What are the best Solar Lease companies in Raleigh?

Plus, SunPower guarantees the energy output from the system you lease, which is an additional protection that other companies don't always provide. Sunrun is another big name you'll likely come across when researching solar leases in Raleigh.

How much does solar cost in Raleigh NC?

The average price per watt of solar power in Raleigh, NC is \$2.61/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$23,220 for a 12.73 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.

Are solar panels a good investment in Raleigh?

Your current power bills: Solar panels can substantially lower, or totally eradicate, your utility bills. In Raleigh, you can save an average of \$1,465 a month. As a result of the cost of solar panels being lower than before as well as local and federal solar incentives, they are a cost-effective investment for most homeowners.
