

Who are the best solar installation companies?

We selected Freedom Solar, Blue Raven Solar, and Palmetto as our top three choices for solar installation companies, with Freedom Solar getting our top vote. See how we compared these companies and other top-rated providers in our review.

Who is the best solar company in the northeast?

LGCY Power: LGCY Power provides one of the best guided solar consultations and offers detailed online articles covering the solar installation process. The company also partners with Sunrun, one of our picks for top solar companies. Trinity Solar: Trinity Solar has served the Northeast for more than 28 years.

Which solar companies offer the best in-house financing?

Financing Options (12 out of 15 points): Blue Raven offers some of the best in-house financing of the companies on this list, but it limits this financing to solar loans. You may want to consider a different provider, such as Sunrun, if you're looking for a lease or PPA.

Where are solar installation companies located?

Many solar installation companies are located in larger metropolises. Still, with the growing popularity of this energy-saving product, more and more companies are setting up shop in rural areas. The service area of companies will vary, but many will consider anywhere within a 30-minute commute from its home office to be in its area.

How do you determine the best solar company ranking?

To determine the best solar company ranking, the Forbes Home editorial team analyzed 26 major companies, with each company's star rating determined by evaluating a variety of metrics, represented in the pie chart below: You can find out more about how Forbes Home rates solar companies in our detailed methodology page

How do I choose a solar company?

Solar companies that are licensed, insured and hold certifications take their business seriously. Look for companies that have NABCEP Certified professionals or certified electricians on staff and are properly insured, so their workers, and you, are protected. Not everyone has thousands of dollars to spend on a solar panel installation.
